Schedule of the conference

Invitation to the meeting of experts in Non-Destructive Testing field

Wednesday 17th May - NDT CONFERENCE

place: Kaiserstein palace, Malostranské náměstí, Prague 1

Morning session		ATG SECTION
8:00	8:45	Guest registration
8:45	8:55	Welcome, explanation of NDT conference program
8:55	9:25	ATG System principles and Its Components Complete solution for NDT/Special process
9:25	9:40	Inter-company cooperation programs
9:40	9:55	Coffee Break
9:55	10:10	ATG approach for high quality NDT process - Services - Products
10:10	10:25	New automated NDT systems from ATG
10:25	10:40	Auditing, Consultancy – NADCAP/TPG/EASA
10:40	10:55	ATG Regional approach in Slovakia
10:55	11:10	ATG Product approach – composites and complementary processes
11:10	11:25	Coffee break
Noon Session		SPECIAL GUESTS - CLIENT SECTION
11:25	11:45	Korean Airlines - NDT on Aircraft Structure and Composite
11:45	12:05	SAF Kamenice - Optimization of FPI process for mass production
12:05	12:25	S7 Airlines - QMS, Qualification in MRO
12:25	12:45	PCC - Implementation of special process by ATG (transfer from simple service to the delivery of whole system)
12:45	14:00	Lunch
Afternoon session		SPECIAL GUESTS – PARTNER SECTION
14:00	14:20	Visiconsult - DR (Digital Radiography) systems
14:20	14:40	Rohmann - Automated EC (Eddy Current) systems
14:40	15:00	Sonatest - PAUT equipment
15:00	15:20	Chemetall - Chemical systems for Aerospace
15:20	15:40	Socomate - Advanced technology Leak Testing, new UT cards
15:40	16:00	TRANSSCAN INDIRA TECH. - Automated DR systems for pipes
16:00	16:15	Tecnitest - UT systems
16:15	16:30	Balteau NDT - X-ray equipment
16:30	17:15	Walking to the boat via Charles Bridge

Thursday 18th May - VISIT OF ATG HEADQUARTERS

place: ATG HQ, Toužimská 771, Prague 9

8:30	8:45	Registration in ATG HQ, distribution of people
9:00	10:00	Sector/Topical panels <i>Please confirm your selection in advance as the capacity for each panel is limited</i>
		Aerospace
		Automotive Railways Other transportation
		Oil and Gas Power
10:10	16:00	Specific panels <i>Please confirm your selection in advance as the capacity for each panel is limited</i>

Personnel Qualification, Services and Inspections

10:10	11:00	Independent certification systems and relevancy of accreditation
11:00	11:15	Coffee break
11:15	13:00	Comparison of Independent and Employer certification systems
13:00	14:00	Lunch
14:00	16:00	Independent Certification systems - ANDE 01/AWS/IIW/API

PANEL 1

Special ATG NDT systems

10:10	10:35	Automated MPI systems /BTG, NEDTRAIN, SANBORN, PANKL/
10:35	11:00	Automated FPI systems /SAF, FAGOR, WSK/
11:00	11:15	Coffee break
11:15	11:45	Automated UT systems /KLF, PCC/
11:45	12:15	Big FPI systems /VSMPO, SAF/
12:15	12:45	Big MPI systems - UNIMAG 14000 AC/AC
13:00	14:00	Lunch
14:00	14:45	Practical part - MPI on UNIMAG 600 and UNIMAG AEROTESTER EP
14:50	15:20	Practical part - automated UT testing of steel parts
15:30	16:00	Practical part - FPI line for RR, SNECMA, GE

PANEL 2

ATG equipment hands-on panel

10:10	10:30	UT Testing of composite parts - theoretical part
10:30	11:00	UT Testing of composite parts - practical part
11:00	11:15	Coffee break
11:15	11:45	Handheld ET equipment - theoretical part
11:45	12:45	Handheld ET equipment - practical part
13:00	14:00	Lunch
14:00	14:50	Leak Testing systems - practical part
15:00	16:00	DR portable systems for pipes - practical part

PANEL 3
